

Karunya News

...the one who began a good work among you will bring it to completion... (Phil.-1:6)

Karunya Trust focuses on enhancing the living conditions of the rural and the urban communities of Maharashtra. We do this by organizing women through Self Help Groups, farmers' groups, youth groups, providing disaster management skills, health care and education and fighting for children's rights.

Bishop's Message: Charity: the driving force for development

As our calendars change from 2014 to 2015, let us be filled with great optimism and faith. This is the time to look back... Looking back can be challenging! It teaches us to learn from our past experiences. 'Experience is the best teacher', the proverb tells us. And so I would encourage you to try and recall at least some of the major events that touched you personally and the charity that you did in your family, in your local community, in our country.

Pope Benedict XVI says that 'Charity is the principal driving force behind the authentic development of every person and of all humanity. Caritas is an extraordinary force which leads people to opt for courageous and generous engagement in the field of justice and peace. It is a force that has its origin in God.' Charity is at the heart of the Church's social doctrine. Every responsibility and every commitment spelt out by that doctrine is derived from charity which, according to the teaching of Jesus, is the synthesis of the entire Law. So in this New Year let us resolve to be persons filled with charity. I take this occasion to wish you all a grace filled and prosperous 2015. May God bless you.

V R for YOU...

Mr. Sudir Dubey, Chief General Manager, SBI Mumbai Circle handing over the Ambulance to Bp. Thomas Elavanal, Chairman, Karunya Trust.

State Bank of India donated Ambulance to Karunya Trust

State Bank of India under its Community Service Banking program has donated an Ambulance to Karunya Trust on 16th Oct.2014, for carrying out the health related programs in the rural and urban areas of Thane, Mumbai districts. The programs include JAN (rehabilitation of the destitute), Jeevashradha (Target intervention among the migrants in Thane city), Gyansaathi (Child rag

Dr. Tracy and Dr. Carol, health volunteers of KNH, are checking the teeth of the children inside the Ambulance. Medical camps were conducted in four clusters comprising 16 Tribal villages of Ambarnath. Over 800 children and their families benefitted from the medical camps.

pickers project), SAVLI (HIV/AIDS program) and Bharari (Child focused community development program). The availability of the ambulance helps Karunya Trust to continue the health care activities in a better manner.

In the name of all the beneficiaries of this Ambulance, Karunya Trust extends its heartfelt thanks to State Bank of India, in a special way, to members of SBI family, Mr. N. R. Kulkarni (SBI Asstt. General Manager, Public Relations & Community Services Banking, Mumbai Circle), Mr. V. P. Tripathi (Asst. General Manager, I.I.T Powai Branch), for their loving and sincere efforts to realize this good cause for a better society.

Ambulance donated by SBI is used for HIV / AIDS awareness & testing camp for the unorganized labours at construction sites under Jeevashradha Project by Karunya Trust. The Project targeting 13000 migrants in Thane City

Pope Francis Speaks:

We must restore hope to young people, help the old, be open to the future, spread love. Be poor among the poor. We need to include the excluded and preach peace.

Editorial: The shortest story of Christmas

'Once people asked God, give us a king. God gave them His only son, the King of Love and made all the people on earth daughters and sons of LOVE.'

Christmas bring to us the King of Love.

Love became flesh for you and me.

Karunya Trust invites you to transform your 'self' to LOVE on earth.

Love God, by being LOVE to the daughters and sons of LOVE

Karunya Trust Wish you all a JOYFUL Christmas

"Glory to God in the highest, and on earth peace among those with whom he is pleased
Lk. 2:14

Fr. Paul Kunduparambil,
Director

Fr. Jesto Menachery,
Asst. Director,

V salute U Mothers...

My dear children, for whom I am again in the pains of childbirth until Christ is formed in you (Gala 4:19)

Karunya Trust appreciate and congratulate Kalyan Matrusangam for having the pains of childbirth to form Christ in thousands of advantaged brethren Organ Donation Drive initiated by Karunya Trust's MRUTHUNJAI project and implemented by K a l y a n

Mathrusangam inspired 4177 individuals to declare their absolute willingness donate organs after their death by which 33832 individuals (Heart - 4128, Pancreas - 3926, Corneas - 9298, Lungs - 4026, Kidneys - 8562, Liver - 3843, Whole Body - 49) will receive a second lease of Life.

Kalyan Diocesan Social Action thank Rev. Fr. Biju Kollamkunnel (Director), Fr. Joby Atihamattam (Asst. Director), KMS executives and members for promoting LIFE.

Karunya Trust indebted to our board member Lion Ashok Mehta for his inspiring guidance and support to carry out this Mission to thousands.

I have witnessed really great work done by Karunya Trust. Dedication and involvement of the staff is really comment able. The way in which the beneficiaries were interacting with the staff really touched me. Great work. May good God give us similar blessings in abundance.

P. J. Joy, Chief vigilance officer, State Bank of India, Corp. Center Mumbai.

KARUNYA IMPACT

Gyansaathi: A model for secular India

I am Sakeena.. Although, I come from Mumbai, the city of dreams, I've always lived in realities that couldn't be harsher for a nine year old girl. Living on the edge of Asia's largest dumping yard, my nine-member family was closer to realities, making me wonder what dreams are.

I will tell you some secrets about our area. Chup ke chup ke in the group the children take button, ganja, chillum etc.

after which they say bad words and abuse each other. Very often I hear missing cases of children. Our houses are demolished by the municipality periodically. I am frightened seeing such a large number of police & big machines that break our houses.

Is it my mistake that I am born in this environment? Young and confused, when I was only coming to terms with my fate as a rag picker, a stranger came by. My mom did not make it easy for him, she would not allow him anywhere around our hut, but he was a persistent man... his name was Salman Sir. Thus, **GYANSAATHI came into my life.**

In the first year at Gyansaathi we were around 100 children. All of us learned to read Hindi within six months. And today after 3 years we 304 children study in 13 schools both BMC and Private. Here, we get our lunch from ISKON, with very hygienic and yummy food. We have wonderful counselors with whom we share all our problems and fears. At Gyansaathi we have Children's Parliament where we voice out what we need to do for the betterment of our health, school and community. We girls shied from stepping foot on the play ground. Today, we girls get together for a game of football. On several occasions we were taken to many different places like Nature Park, museums and so on that my idea about the world has opened up.

But it was not always all this easy for my teachers. Most of the times when our teachers approached the BMC schools for our admission they refused and sometimes they humiliated our teachers. Our teachers persuaded and finally they fought for us with Right to Education act.

A whole lot of ideas are discussed by our teachers and Ammis on hygiene, education, child marriage, home budgeting, better job opportunities etc. I heard one of our Ammi saying that "no more will we get our children married off before the age of 18". 92 of them opened bank account. And our Ammi's Adult literacy class was formed with 35 members. This group was taken for various exposure visits. Today, four of them are enrolled into NIOS. 28 of them passed their tailoring courses. 15 of them completed beautician course..

Our inspector uncle once said "Gyansaathi is a model for secular India". Most of us are Muslim children, our teachers are Hindus, Muslims and Christians and our school is supported by a Christian Missions.

Our teachers love us so much. They always dream about us and say you all will become great people in life. The greatest gift Gyansaathi brought to our lives is Self respect and self esteem and awareness of our Rights. Today one of our students is a teacher at Gyansaathi. One day we will take up this Mission in our shoulders.

(Gyansaathi, a model for Secular India: the story Narrated by Mrs. Rose Joseph, Project in-charge, at CARITAS National Assembly won First Prize as the Best animation story)

Karunya gave hope in my life

My name is Rajmatti Devi, I live in Samrat nagar area of Thane. I run a Pan Shop. I have my Husband and 2 children. My Husband works in an industrial area. While working in an Industrial area my Husband met with an accident and he was needed to be Hospitalized. My husband was requiring blood on an urgent basis. So he was provided blood from the Hospital

My Husband was leading a normal life. Then suddenly after about 2 months his health started getting deteriorated. We went to different doctors but were not able to detect what is the problem. One day Karunya Trust team had come to my Pan shop and was discussing about HIV disease. That day I came to know that HIV can be spread through blood transfusion as well. So Karunya Trust team asked both of us to go for an HIV testing. We both attended the Karunya Trust camp and unfortunately both of us myself and husband was detected HIV positive. We were very much disturbed on how we will live this life ahead but Karunya Team counseled us and we decided we will take our medicines and live our life from now. And till date we take our medicines in time and we thank Karunya Team for saving our life.

Report By Varsha Mohite, Animator Jeevashradha Project

Story of Sakeena canvassed by the Artist

Inter personnel Communication (IPC) session conducted in a boat by Jeevashradha Project Staff on HIV / AIDS

I am indebted to Karunya Trust

Pragati Self Help Group from Mulgoan was formed on 5th August 2007 under the guidance of Mrs. Bharti Animator of the Karunya Trust. In our group there are 10 members my name is Ms. Anjana Kathora, I am the president of the SHG. I had acquired the skill of making cloths bags but I had no means to start my own business. Thus I took Rs.500/- from SHG as loan and brought the needed material to make bags. I made the bags and sold for Rs.2000/- which increase my confidents and in small scale I started to make bags and sell. Meanwhile from My SHG four more joined me in learning and acquiring the skill. We five of us started to make bags by taking loan from the SHG. But the real difficulty was not making bags but finding market for it. We all women were not well financially and could not effort to make product and keep it.

At this fearful and anxious moment we meet Fr. Paul the director of Karunya Trust who was passionate by the bags and the quality of bags. He assured us to support in finding the market. He encouraged us to make more bags and brought the bags from us and put up the stall in various parishes which. Which gave good support and response from various parishes to put up the stall in their parishes. Karunya Trust has a greater role in advising our bag product. With the help of

Ms Anjana at her Bag Selling Shop

Karunya Trust staff we managed to enter in the Mahalaxmi Saras. This Saras is organized by District Rural Development Agency Thane, all over India people come to put up the stall and this Saras has the capacity of 850 stall.

First time we put up the stall in this Saras. We did not have much experience in selling our product but by constant visit and support of Karunya Trust staff enhance our confident and courage. In this Saras we got first prize for the best stall and sell of the year. Now every year we are putting a stall in the Mahalaxmi Saras, though which we come in touch with many people and company and many give us order.

Today we are indebted to Karunya Trust and every member of Karunya Trust for becoming for us a facilitator and enabling us to stand on their own. May Karunya Trust live long and fill the lives of the people with hope and happiness.

Ms. Anjana, Representative of Pragati SHG

Karunya Trust: Ray a hope in my life

I am Sakku Shudhakar Kata. I have a son, when he was 3 years old I lost my husband the sole support of my family. We were living in a small hut. One day my hut caught fire and lost the only security which I had possessed. I had no one to support me financially and no other means to rebuild my hut so I started to live under a tree. The shade of the tree became our home. Many times Government official came and took the photo of my pathetic condition of my living. No aid was materialized... only promises... We continued to stay under a tree for 5 years. Now my son is 20 years old ... a marriageable age. Since no houses so nobody wanted to give a girl to him... this all lead me to get addicted to alcohol. Tension, poverty, lack of daily work and above this the work I get I was paid less wages. It was very difficult to manage day today's affairs. I was totally disappointed and had no hope in the life to live. In these circumstances Karunya Trust team came to our village to do PRA. I cried and said to them in that PRA my need to have a house. I was not in a situation to build my house even if they give me money so two of their staff build my house and I and my son supported them by doing helper work. Today Karunya Trust has become my God and with their help I have got the security of life...hope for future...I has reduced drinking alcohol and above all my son got

Mrs. Saku Sudhakar at her newly constructed house

married last month. Today you see me smiling. For years I had lost this beautiful smile on my face. Karunya Trust members have given me back the joy of life. I thank God for them and wish that Karunya Trust who is known as the friend of the poor may live long and bring the joy and smile on many more faces which is lost from the face of the needy and helpless.

Interview by Sangeeta D. Shelke, Animator- CFCD Ambernath

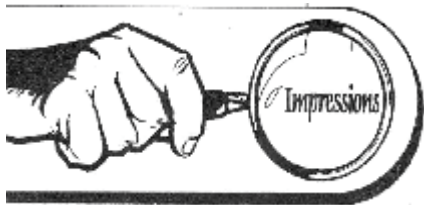

Karunya saved my my life

I am Sham, age 20, presently living in Thane, my native is Bihar. From Last one year I have been living in Majiwada. I had come to Majiwada due to bad financial condition in my family. When I reached Majiwada I got job in construction site. I live in the labour camp at the construction site. Here due to bad company I got into bad habits, for example drinking, taking drugs and having sexual encounters with prostitutes. When I was working at the site, Karunya Trust team came to us and started explaining about HIV/AIDS disease through body mapping and condom demo. After hearing

from them, I decided I will do my HIV testing. So when Karunya Trust team arranged camp at the site I decided to do my HIV testing. Luckily my result was negative. From that day I stopped all my bad habits and now I am a changed man. I Thank Karunya Trust Team for their guidance and support in my life.

Report By Firoz Shaikh, Councilor, Jeevashradha Project

We come to implement an oral health awareness and promotion programme for the Kalyan Tribal village. Three days of training and four days of dental scanning for the children were very successful. Due to your amazing team, their dedication, help and support made it a very successful program. I am very grateful to have met you all and to work with you. I look forward in returning next year 2015. May God bless you all.

Dr.Tracey Lennemann, UK /USA Dental Hygiene for India , Partners of KNH /HCDI

From the heart of India: News from Rural Project

Employment is an urgent need...

If you give him fish he can eat only once but if you teach him to catch the fish he will enjoy whole life time

Karunya Trust is promoting self employment through various ways. Seeing many young girls in our tribal villages we began the Yuvati club....during meetings one of the concerns expressed by young girls was that they would like to acquire some skill which will make them self reliant and will be able to support their family economically. The need of the time is the will of God; Karunya Trust which believes in this motto started a tailoring unit in Boradapada village. Toady 45 young girls have enrolled for the tailoring classes with full of enthusiasm and energy. The joy and hope in their eyes is admirable. Their daring steps have become our strength to take up new ventures. We are able to meet this need of the time with the support of well wishers and benefactors.

Mrs. Bharati, Cluster co-ordinator, CFCD, Ambernath

Bright future through education

9th & 10th Standard Tribal Children with Solar Lanterns distributed by Karunya Trust under Bharari Project Karunya Trust is supporting 1600 Tribal Children & their families in Ambernath Taluka.

Today's world education has become competition. Every parent wants their children to score above 95%. But our tribal parents are contented and satisfied if their children get just passing marks. Our tribal's are far behind the social stream. But when it comes to the children they want to excel in their exams but at times circumstances don't allow them, such as some tribal villages have no electricity and if there is it is often they face power cut. Especially night hours when children can sit and study silently there is no light. This is the reality rural villages. Moved by this reality Karunya Trust distributed 40 solar lights to the 10th students. The faces of the student became as bright as the solar light. The eyes were shining with joy because they were supported at the right time and moment of their life. Yes, Karunya reaches to the less privileged brothers and sisters of our society just on right time. It is said when one door is closed God opens another window. Possession of the solar lights by 40 students leads them to experience the God of light leading them to better future. One of the students with joy exclaimed, "May the Karunya trust become light to our tribal community and lead us from darkness to light, from death to life and untruth to the truth and freedom.

Mrs. Usha R. Jadhav, Animator- CFCD, Ambernath

Forming & disciplining the future of the Nation: Gyansaathi Scout & Guides

46 students from Gyansaathi attended a Scout and Guide three-day camp held at Ambernath. This was the first time the students stayed away from their homes. They received trainings in salutes, manners, hoisting a flag, etc.

Love & Trust which binds us with our tribal communities

"What so ever you do to the least of my people that you do unto me"

This is what we live in our relationship with our tribal villages. With our unconditional acceptance and our selfless efforts we strive to bring them in the main stream of society. Our love for children leads us to accompany them in goodness and wellbeing. Our approach makes them feel loved, wanted and cared in society which does not recognize them. Our Various activities makes this bond strong.

Education: Tribal parents have understood the importance of education it has lead to reduce the drop out from the school. Constant awareness and different village committees like village education committee (VEC) and Village Development Committee (VDC) participation has improved the status of education. Tuition centers help children to improve their standard. Education material given for 300 children have brought regularity in school attendance. Adult education has motivated women to write and read their names it

Karunya Trust associate with rural schools in 36 villages of Ambernath and Kalyan Talukas and work for the enhancement Education.

has led to increase their participation in the various meetings. Different training programmes such as leadership, status of women, sex education etc. has brought greater awareness among the community members. Our rapport and support with the government teachers has also motivated all the teachers to work hard for children's bright future.

Health: Health is wealth but our tribal community is far away from this reality. Inorder to promote good health. We support 157 malnourished children of 16 villages with nutritional supplements. 19 pregnant women had their medical checkup and are supported guided for the purpose of safe delivery. Time to time health & hygiene awareness is imparted. Three village health camps were organized with the support of Dr.Rasal. Almost 400 people enjoyed good medical treatment. Two handicapped children are being consulted for the future treatment so that they live a normal life.

CBO formation & strengthen: We motivate and enhance the formation of various community based organization for the better development of their own community. We have 52 Self Help Group and 6 farmers clubs. Their participation in the group is being encouraged by motivating them to take up the income generating Schemes. All the groups are learning to do the banking and the transaction of the bank. Unity and WE feeling is increasing in the community. Every member is taking responsibility and playing an active role in doing something for the development of their own community.

Children's parliament: Children have begun to understand the role and responsibilities of being the member of the children's parliament. We had various activities for the children such as sports competition, speech competition and children day celebration, election for the minister post and it was an eye opening for all, that our tribal children are not less than city children. They are equally gifted and talented. What they need is a platform to express their talents. A person to motivate and encourage them.

Livelihood: We impart the knowledge on various livelihood methods and means which can be adopted by our people. So through the CBO we have promoted four persons to take up livelihood project such as Vegetable selling, chicken center, papad making and saloon shop. These four persons will be supported financially and guided for the business by our team. We are also motivating vegetable cultivation and soil and water conservation through the land improvement.

We alone cannot reach out to all. We need your help and support. Join with Karunya Trust and become the agent of love and service to the suffering humanity and raise their life to full human dignity.

Mr. Nishikant, Program co-ordinator, CFCD- Ambernath

Ham kisi se kam nani...Sports Day at Gyansaathi

Prize distribution done by Mr. Shekar, GEAH representative

Girls of Gyansaathi participate in race

As a part of overall development of the children Gyansaathi conducted Sports day. The event was inaugurated by Mr. Anson Thomas, a well known social worker and hockey player, at St. Pius ground, Goregoan east. In his inaugural address Mr. Anson reminded the children on various sports icons of India who kept dreams in their lives and made all the efforts to achieve the same. Being a hockey player he promised to come and teach the children hockey. 130 students participated in the event which was a rejuvenating experience to the children. Children participated in various sporting events like 100 and 200 meter race, Tug of War, sack race, Koko etc. Special thanks to St. Pius College administration for sponsoring the Ground.

My life in Karunya Trust

Karunya means compassion, love, kindness and tenderness...such feelings are found at the heart of every human being, because we are the image and likeness of God. God is love, compassionate, kind and tender hearted. As I turn back to the last seven years’ pages of my life in Karunya, there is only gratitude and gratefulness towards God, my congregation and Kalyan Diocese, and specially Karunya Team for giving me an opportunity to become a visible sign of God’s love and compassion to thousands of my brothers and sisters who are not recognized by the society.

Yes, Karunya’s vision “to restore human dignity to the needy and marginalized” and Holy Cross charism “compassionate love to all especially to the less privileged” are the two sides of one coin. My personal vision “love and serve suffering humanity” got merged and integrated in it. We as a team have made Karunya visible to all people whose life we touch and change.

Today I can proudly say Karunya is the friend of the poor, unwanted and rejected when I with my team visited people, listened to their problems, empowered them to get their rights, and sheltered them with security through the Housing project. Our bond with the poor made them feel wanted, loved and needy. This experience made them co-operate with us to build a new society where we find love, freedom, fellowship and peace in the society. Karunya strengthened my dedication, commitment, solidarity with the poorest of the poor. Today I find myself fully content with a sense of fulfillment for being in Karunya for the past seven years. I am indebted to My Provincial Sr.Lincy and team, Mar Thomas Elavanal (Bishop of Kalyan) Fr. Paul Kunduparambil, Director of Karunya

Trust and Team Karunya for their trust and confidence in me and entrusting to my care the entire rural development of Kalyan, Ambernath and Bhiwandi... your faith and trust in me enhanced me to get involved passionately at the service of the suffering humanity. May Karunya live long and become blessing to millions of our brethren who are not recognized and acknowledge by the global world. Karunya Ki Jai Ho!

Sr. Edith Gonsalves

Sr. Edith Gonsalves SCSC served Karunya Trust for the last 7 years as Rural Development Incharge, as she move to her new mission, Karunya Family is ever grateful for all her dedicated and committed service to humanity in the Mission of Christ. We wish you all the success & choicest blessings from GOD, Kalyan Diocese express heartfelt gratitude to the Holy Cross Congregation.

The SAVLI project children and their families had a Christmas celebration at Nahur centre.

The project supported by Deutsche Bank currently supports 100 children and their families in and around Powai for education and supplementary nutrition

KNH Representatives Mr. Joerg Denker interacting with Gyansaathi Children

World AIDS Day...

During the World Aids day on 1st December 2014, Karunya staff took out a rally on HIV Awareness from Civil Hospital to Bedekar College, Thane with active involvement by us and other NGOs. Our staff carried Banners and shouted slogans on HIV awareness. Later we put up an exhibition at Bedekar College and gave awareness on HIV/AIDS. The students and Management were impressed by the work we do. Many principals from different colleges were present for the exhibition. We were invited by two College principals to do similar exhibitions at their college campus.

It gave us immense satisfaction that people recognize the work we do and our endeavour to eradicate HIV/AIDS in our country.
