

Our Vision: "A just and harmonious society rooted in the gospel values of love, freedom and peace."

Our Mission: "To restore the dignity and potential of marginalized individuals and communities by facilitating access to holistic education, health, livelihood, and stable shelter."

POPE FRANCIS SPEAKS

“Concern for the environment thus needs to be joined to a sincere love for our fellow human beings and an unwavering commitment to resolving the problems of society”

Stewardship - a Responsibility

Christian concern for the environment has become increasingly important in recent years. The environmental issues have left the people with lots of signs of certain areas that they have to rethink. 'Laudato si' is the second encyclical of Pope Francis, where he clearly highlights the need of the present day. Church understands nature as God's creation. So often, the environmental issues are dealt with against a background of fear and threat. We have always thought that, we should stop doing some activity otherwise another environmental problem will happen. Caring for the Earth for the Christians is as a proper response to a loving, creating God. Caring for creation is a key Christian task. Pope John

Paul II has called for Christians to respect and protect the environment, so that through nature people can "contemplate the mystery of the greatness and love of God." Reverence for the Creator is projected through our daily environmental responsibility. We have not made ourselves. God brings them into being and sustains them in existence. It is to the Creator of the universe, that we are accountable for what we do or fail to do to preserve and care for the earth and all its creatures. For "The earth is the Lord's and all that is in it, the world, and those who live in it." (Ps 24:1). Dwelling in the presence of God, experiencing ourselves as part of creation we should get to feel that we are stewards within it,

not separate from it. As faithful stewards, fullness of life comes from living responsibly within God's creation. Stewardship implies that we must both care for creation according to standards that are not of our own making and at the same time be resourceful in finding ways to make the earth flourish. It is a difficult balance, requiring both a sense of limits and a spirit of experimentation. Even as we rejoice in earth's goodness and in the beauty of nature, stewardship places the responsibility for the well-being of all God's creatures. As stewards, let's join our hands to the care of the nature today.

Mar Thomas Elavanal
Bishop of Kalyan

EDITORIAL

Safeguard our environment

On a Sunday morning, it was thought provoking and quite disturbing to read the newspaper that over 12 tons of garbage had to be removed from Marine Drive, Mumbai as the ocean returns our contribution of waste towards it. It gives us a warning that if we care the nature the nature will care us. The relationship between humanity and the environment is a delicate balance. Life has been possible only on our planet because of a certain balance in natural elements like air, water, earth, soil etc. Without this environment and its desired balance, our Earth would have been another dead and lifeless planet revolving round the Sun. Pope Francis at his speech at Manila said "As stewards of God's creation, we are called to make the earth a beautiful garden for the human

family. When we destroy our forests, ravage our soil and pollute our seas, we betray that noble calling." Pope Francis has called for urgent action to stop climate change and proposed that caring for the environment is as important as our traditional works of mercy such as feeding the hungry and visiting the sick. It is our collective and individual responsibility to preserve and to be sensitive to the nature we live in. Finally as I conclude, I urge each one of you to rise to the common vision to protect our nature and leave a safe environment for our successors. Don't wait for someone else rather let each one of us be the change agents.

Fr. Joby Ayithamattathil

Love for Nature! "TREE PLANTATION DRIVE" Van Mahotsav 2018

Karunya Trust Participated in the tree plantation drive with Thane Forest Department on July 1st 2018 at Kalyan's Varap village. This attempt is to show our love towards nature and to be eco friendly. Trees

provide oxygen, improve air quality, climate amelioration, conserve water, preserve soil and support wild life. Knowing the advantages of tree plantation, every year Karunya Trust takes initiative to plant trees in

forest areas.

This year the opening ceremony of tree plantation on July 1st 2018, was by Chief Minister Mr. Devendra Fadnis and other dignitaries. The Maharashtra government

has planned 16 Crore saplings plantation till July. Fr. Joby, KT Director with 135 staff and students participated in this tree plantation program and experienced the beautiful creation of God.

Thank you...

We at Karunya Trust shower immense blessings and graces on our Outgoing Director Fr. Paul Kunduparambil who has pledged all projects for God's greater glory by his words and actions.

Fr. Paul K

Fr. Joby K

Welcome..

Karunya Trust welcomes its new Director Fr. Joby Kurian to a grace filled tenure and pray that the Lord Almighty do great wonders through him to the poor and needy brethren.

Gyansaathi Team

IFTAR PARTY

On June 12th 2018, Gyansaathi had arranged IFTAR PARTY for the community people who keeps fasting (Roza) on the auspicious month of RAMZAN. The main objectives of this party was to spread secularism and respect others religion. Around 300 people attended the IFTARY. The best part of this event was that the

whole arrangements were organized by Children's Parliament (CP) with the support and guidance of their teachers. CP children organized the separate seating arrangements for the men, women and and children at the various Gyansaathi centres. They were fully involved in cutting fruits and serving food to all the people. On

this occasion, guests were invited from Police Station (Shivaji nagar), BMC School, Municipal Corporation, NGOs (Apnalaya, Stree Mukti Sangathna, Magic Bus, Pratham etc.) by the CP. It is a great achievement that Children Parliament has taken a responsibility to organize this big event.

NIOS Initiative

Under the Gyansaathi Project, we have an NIOS (National Institute of Open School) center. NIOS is for those children and mothers who have left their education. In this academic year (2017-18), total 61 students and 2 mothers have registered in NIOS and are provided with educational support as well as vocational Guidance.

Deutsche Bank Exposure Visit for Movie 'Poorna'

On April 17th 2018 Deutsche Bank organized screening of Poorna Movie for 290 Gyansaathi children and 118 Savli children at Oberoi Mall, Goregoan. The children loved to watch this inspirational movie and related their own life struggle with this movie. It motivated younger children especially girl children to set goals for their life. Children were very happy with the hospitality and generosity by Deutsche

Bank for this opportunity.

Chandani Sharma : "I liked the Movie very much. From the movie, I learned not to lose hope in times of trouble. My ambition is to become an engineer."

Hema Gupta : "If something goes wrong in life we should not despair instead we should focus more on our goal. If I think life is easy for me then achieving my goal is also possible for me. Please

keep showing such kind of motivational movie to us. My ambition is to become a Doctor."

Amit Shinde : " Poorna movie showed the struggle of that girl for achieving her goal. I learned from the movie that even if our family environment is not so conducive to growth still we can excel by the positive power of our mind.

India Bull Foundation's Initiative

Collaborating with Gyansaathi, Ms. Karishma from India Bull Foundation took a session for the community on nutritious diet for lactating mothers, pregnant women and children between the age of 4-6 years old. She gave demo to all mothers and shared how we can make different types of food

with this nutritious packet (kheer, laddu, halwa etc.). India Bull Foundation provided 300 Nutrition Packets made with wheat flour, maize, nachni, rajgiri, jawar, milk powder, fruit contain, sugar etc. were distributed to the mothers and children in the community.

Balwadi Picnic

This is the first time 60 Kindergarten school children (Balwadi) had gone for an outside Picnic to "Wonder Park" Nerul. The Balwadi children were very excited and some Children Parliament members also came to assist the younger children. CP children helped younger

kids to make proper queue, maintain discipline and in serving food. It was a special day for the children. Children saw various rides and enjoyed the swings, merry go round, see-saw, slides etc. The objective was to show places outside their community and have fun.

Experience of Gyansaathi Student

My name is Sagar Bhaskar Ahire. I live in Baba Nagar, Shivaji Nagar in Govandi with my family. I had dropped out of school in 6th Std. I started working in a catering shop and used to collect scrap from the dumping ground. I liked to study but was helpless due to my economic problems.

One day Gyansaathi teachers had come to our area. They visited my house and met my mother and requested her to send

me to Gyansaathi as education is very important in life. I took admission in Gyansaathi and continued my studies. Now I am studying in 10th Std and I also completed MSCIT course.

Two years back my mother suddenly fell very ill and I lost my dad too and my financial condition was very bad. In this situation Gyansaathi teachers helped me a lot. They took my mother to hospital and helped in her treatment. Apart from

Experience of Ayub

I am Ayub Nisar Shaikh and am very proud of myself that I became a teacher in Gyansaathi. I would like to share with you my experience of Gyansaathi.

When I passed 10th Standard, I started to earn through Catering work as I had to take care of my family as my father was not well. My family condition was very bad that time and one year lapsed for this reason.

I heard about Gyansaathi works in my community. Gyansaathi has come as an Almighty in my life. It has lit a lamp in my life. I got admission in senior Secondary school. Gyansaathi provided the financial support in my study including fees, uniform, stationary, books etc. My father was against me studying because I left catering. In between, I got an opportunity to intern at Gyansaathi. Then in the morning I attended Junior college and afternoon I worked as an intern. Recently I passed 12th Std. with 66.23% and I have joined St. Xavier's night college to complete my graduation. I am very happy that I am growing and I have joined Gyansaathi as a fulltime teacher. I had never imagined that I will continue my education again but that was possible only because Gyansaathi. My family is also very happy to see my progress. I am very grateful to Gyansaathi teachers and Karunya staff for their support and guidance. My aim is to teach poor children and I want to be a Banker in future.

that, our Gyansaathi CP helped in cleaning my house and arranged for household things. I am very grateful to Gyansaathi teachers and Children Parliament for their great support towards my studies and family.

4URBAN

" A very good and appreciative work done by you all. It was a very helpful task performed which helped Indian Railways to maintain neatness and cleanliness at Nahur Railway station. Such activities are appreciated and should be promoted often. Thanks. A great Job performed."
(Bharati Deshpande, CBS Nahur Railway Station)

SAVLI: (Urban Project, Nahur - Mumbai)

Reported by -
Savli Team

Run...don't walk.

Langadi were organized for children. Five Savli volunteers extended their support by playing

Ayithamatahil (Director) and Sr. Betty (Project Incharge). Shewta Patil (Savli

a very effective role in organizing the event. All the children enjoyed participating in the sports day. Winners were awarded with medals and certificates during the closing ceremony by Fr. Joby

child) said "Today I got opportunity to play cricket, I have never got an opportunity to hold bat nor ball. I feel playing sports is very important because it keep us fit and healthy. I regularly do exercise"

The enhancement of physical and mental development of children is certainly the most important contribution of sports for children. With this belief Savli organized its first Sports Day for children on 19th May 2018 at Nahur East BMC ground. 80 children participated in the

sports Day which was inaugurated by Fr. Paul Kunduparambil (Ex-Director of Karunya trust) at 9am by playing cricket. Children were divided into four groups for the sports day to enhance their team work and positive competitive spirit. Sports like Cricket, Kho-Kho, Hand-ball and

Rock and Roll Shikshan

Season 5 of the much awaited event Rock and Roll Shikshan was organized for the kids by 29 Savli Children Parliament Federation members on 20th April and 21st April 2018 at the Christ the King

community center, Nahur. Vacation camp was completely planned, organized and executed by CP children. Two days' vacation camp was attended by 205 children who had a great learning experience through the

fun activities which were organized. Children were given awareness about ill effects of tobacco through a fun activity which was conducted by "HAPPY THE CLOWN". Apart from that there were quiz completion, games and

action song for children. Children were given prizes and certificates during closing ceremony which was presided over in the presence of Mr.Pawar who is the Talati officer at Mulund Thehisidar office. Ashwini (Savli child) said "From this vacation camp I got an opportunity to learn new games. I got skill to handle small kids in Rock N Roll Shikshan 2018. As Children parliament members we got an opportunity to be volunteers and handle different roles and responsibility. Next time also we would like the event to be handled by us due to that we get to learn."

My Rights

Government Entitlements are one of the basic necessity for the vulnerable people as it provides for financial support for different sectors of life such as education, health, Nutrition, employment opportunities, etc Government Entitlement

also provides for once Identity in the state. In the financial year 2017-18, Savli project has played a major role in helping beneficiaries access different government schemes which has made their living much easier than the past.

Birth Certificate	1	0

Support group meetings empowered her ...

Vasantha (name changed) is the mother of one of our child registered in Project Savli in March 2017. She is a tailor by profession and works from her home. When the Savli staff met her she was under the trauma of knowing her status of being infected with a life threatening disease. The knowledge about the disease had a severe negative impact on her mental and physical health. She stopped working and the family faced serious financial problems. After the initial reluctance, she has agreed to attend the support group meeting held every month at Nahur. During one of the meeting she met Mrs. Sunitha

(name changed) and they became friends. Vasantha came to know the health status of Sunitha and her courage to manage the family doing housekeeping job in spite of all her difficulties. This had motivated her to look at life in a different angle and the support rendered by Sunitha and Savli staff motivated her to fight against the disease which had an adverse effect on her mental and physical health. She has started seeing her life with positivity and full of opportunities. She is of great support to her family now. She is very thankful to Karunya Trust & Deutsche Bank for giving her life a new meaning and new beginning.

Rural Projects, Kalyan & Ambarnath)

Reported by -
Rural Team

We tried to solve our Problem

Thakurpada a small hamlet in Goveli Grampanchat of Kalyan, Thane district has 35 Thakur community Scheduled Tribe (ST) families. Karunya Trust has been working in this hamlet for the last 3 years. It has got all government

facilities like an Internal road, School, light, Water etc. but major issue was lack of a main road from the Hamlet to the village. In the rainy season, hamlet faces problems as school children are unable to attend school regularly, health related

issues, Pregnant women are unable to travel. Through Karunya's intervention, application was submitted to Gram Panchayat which was rejected. "On March 1, a common meeting was held and 35 hamlet people wrote an

application and submitted to Tahsil office. raising their problems. It was then sent to BDO and on March 9, we met BDO Mrs Palve. She sanctioned Rs 5,00,000 lakh for road" said Anna bhau. Our hamlet is happy for our great achievement.

4RURAL

“Thank you so much to the entire team of Karunya Trust. Happy to see such a good co ordination among the staff, from managing the entire training duration without any problem. Looking forward to meet you all soon with many more program or official visit in the future.”
(Ms. Mayurakshi Bhatta, Asst, National coordinator – SHA KNH, New Delhi)

What you do today can improve all your tomorrows...

Karunya Trust has improved the life style of Katkari community in Savarewadi. Katkari community is the most backward community. People don't have their own land and work on daily labour or go for brickkiln work. People are poor and not able to afford rice and wheat from private shops. After getting the wages, people used to buy rice and

eatables. Through the intervention of Karunya Trust, they became aware of Ration card as they did not have their own ration cards. Due to lack of documents, Savrewadi people were not benefiting from the government facilities. Karunya Trust helped the women to prepare the documents and issue new ration cards. The Ration Cards saved their

tomorrows as people started getting 35 kg grains through PDS (Public Distribution System). Issuing the ration cards improved their tomorrow. Now people don't have to starve for food and spend more money for buying the grains from private shops. Women are happy as their initiative brought joy in the families.

Knowing is not enough; we must apply, willing not enough, we must do...

Government has scheme to provide houses to the poor. To get the government housing scheme, land documents are needed and name has to be registered in BPL list. In this matter, tribal community was left behind due to lack of documents and ignorance. Families stay in huts or mud houses. They work on daily wages. Financial condition is low, they cannot afford concrete big houses. As the surrounding area is covered with forest, families stay in fear

Karunya Trust staff noted down the family conditions during their visits. To build the confidence and improve the status of women, this year Karunya Trust has provided 12 shelters

brought big smile on their faces and hope and happiness in their life. “Today I have my home, I have no fear of anything. I feel happy and joy to own my house”, said Asha Aghan. Women have

especially during rainy season as snakes, insects can enter their huts easily and there is no security.

(houses) in women's names in 7 villages. The concrete, new houses owned by families have

gained self-esteem through Karunya Trust.

A dream becomes a goal when action is taken toward its achievement

The caste certificate is an important and useful document through which the person benefits various Government facilities under the reservation quota in Maharashtra state and the reserved seats for any kind of recruitment in State or Central Government. A person can use this certificate for admission to any school,

college or university under reserved seats quota and can get fee concession during admission or examination. In Kalyan Taluka, tribals are less in number. Katkari and Thakur community live in the hilly areas of Pada and Wadi. Aapati is one of the hamlet in Kalyan Taluka where 45 families are

living. Through the facilitation of Karunya Trust 73 people from Apati and Mhaskal hamlets gathered together and solved the problem of caste certificate. “Today we have caste certificates in our hands. Now we can benefit from government schemes and our children can go for higher education” Sarika Bhople.

Light shines in the eyes of the poor people...

“Let your light so shine before men, that they may see your good works and give glory to your Father who is in heaven”, Mt. 5: 16

Abolish the cataract was the concept of Karunya Trust. Having this concept Karunya Trust visited Eye Hospital at Thane and organized eye camp in Boradpada village where people were suffering from eye infection. 60 people from nearby villages participated in this eye camp. Among them, 22 were diagnosed of cataract. Love towards the poor and hard work of staff made cataract operation of patients possible. The staff took

efforts to take people for operation. Today, these people can see clearly and we are grateful to Dr. Ajay Sharma, Dr. Avani, Dr.

Akansha and Mr. Siddhesh for their generous contribution to bring light in the eyes of the poor.

4RURAL

Thank you very much for giving the opportunity to visit to Jeevan PLE project area. It was wonderful experience and meeting with the communities and staff. The staff are very committed and hard working and taking the process towards empowerment and sustainability of the community. Once again congratulation to Karunya trust and their committed staff for the wonderful work. Good wishes for your future endeavour.
(Mr. Melvin Pangya, State Officer- Maharashtra, Caritas India.)

Water is life ...

We see water issues in urban as well as in the rural but in rural areas, people walk miles to fetch water. In summer season it is worst when rivers and well get dried. Women find it difficult to bring water from distance which affect their health.

Karunya Trust decided to give the spring of water to the villages where there is no water. Knowing the situation of villages Karunya Trust implemented Sujal Project in 3 villages Mulgaon , Varechiwadi and Devloli. "We were carrying water from the farm houses which were very far. In rainy season we had a hard time carrying water on the head. But we thank Karunya Trust for drilling the bore well and providing the water facilities. It is our great need", Said Sunita. Sujal Project is God's blessing to more than 75 families who got safe and clean drinking water.

Opportunities don't happen, you create them...

Women from the villages have taken new turn with the facilitation of Karunya Trust. Karunya Trust has created awareness and helped women to march forward. For generations, in villages people tend to bring the wood for cooking as they all use mud stove without knowing the effect of smoke on their health. To

collect the wood from forest, women have to spend lot of time and energy.

Seeing the condition of women, during the Self Help Group meeting staff from Karunya Trust gave the information on Ujjawal Gas scheme implemented by government and motivated women to avail this scheme which will

save their time and improve the health. Women felt encouraged and took the initiative to apply for Ujjawal gas scheme. Women worked day and night to collect the document and succeeded in the mission. Today 150 women have benefited from Ujjawal Gas scheme and 100 forms are in process.

Never Never Give Up

Chon Village is situated in Ambernath Taluka with a population of 750 among which 330 belong

to Katkari and Thakur tribal community. There is a small hamlet of tribal community and it has 2 wells around 25 years old, one is used for drinking water and another for washing clothes. Village Grampanchayat does not renovate, clean nor take care of its maintenance. The compound of wells and washing clothes platform were broken. It was difficult for women to wash the clothes and fetch

water. They had to travel far to get water and in the summer season the heat affected their health. In this village Karunya Trust has been working on the formation of SHGs and made them aware of their unity and guided them on how to appeal to Gram Panchayat and get the work done. The women

became aware of their problems and struggles and decided to be united and work on this issue. They took the leadership and submitted the application to Grampanchyat and Panchayat Samiti but they gave negative reply.

But still women did not give up. They

visited the village leader and made him aware of his role and responsibility towards village development. Inspite of discouragement of political leaders and government, women did not give up and lose hope but with enthusiasm and courage they fought one year to get the work done. Today they have succeeded in their aim and the villages wells are cleaned and the surroundings repaired. The leadership of women brought happiness to all the families. Now women save their time and energy and also send their children on time to school. This achievement builds confidence in women.

Karunya News
AUGUST, 2018. Vol: 7; Issue: 2

"The entire experience was very overwhelming. Thank you so much for having me. Keep up the good work"
(Neha Zade - KPMG)

I am a Change maker... Are you???

My name is Ganesh Suresh Waghmare, and I'm from Chembur. I am a children parliament member of Project Savli. Children's Parliament federation helps and encourages young children to bring about a social change in the society by being a change maker. The Children's Parliament federation advocates for promoting a culture of clean and safe environment through its various programs. I have

participated in the various programmes organized for the cause of safe environment under the banner "Pro-Eco" which is a campaign of Project Savli CP. Savli CP has empowered me and few of my friends who too are the members of the Children's Parliament to take an initiative to find a solution to the broken drainage line which was adding to the pollution in our locality in Chembur. We took a written application with

"Be the change that you want to see in the world"
- Mahatma Gandhi

signatures of 250 residents in the locality and submitted the letter to the M-Ward BMC Department of Sewage, initially they didn't take notice of it, but our constant follow up with the BMC department got the work done by fixing the concrete slabs for the drainage line within a weeks' time.

I'm very proud that I could be a channel of change in my locality, and I wish to do a lot in the near future. I thank Savli project and the Children's Parliament for encouraging me and teaching me to be a change maker.

Ganesh Suresh Waghmare, Savli Child
